

## Your health care appointment follow-up checklist

### Follow up tests I need

Check you have the request form and understand where you need to go for the test.

- Blood test
- MRI
- GP health care check (skin check, cervical screening, eye test, blood pressure)
- Other

*Are these tests required before next appointment? (yes/no)*

### Other appointments I need

- GP
- Physiotherapist
- Psychologist
- NDIS follow up
- Other

### New medications or changes in medications

- Name of new medication
- Instructions

### Things I need to ask my GP

- To arrange general health checks
- Follow up new medications
- Provide ongoing scripts for medications.

**Check:** Are my results on My Health record on the My Gov app?
